### 38. Social media

Project Name: DARAZ		Test Designed by:Arifa Akter Eva		
Test Case ID: Daraz_TC38		Test Designed date:11/5/23		
Test Priority (Low, Medium, High): Medium		Test Executed by: Arifa Akter Eva		
Module Name: social media		Test Execution date:11/5/23		
Test Title: Follow on social media				
Description: user can follow Daraz on social media by using this				
Precondition (If any):				
Test Steps	Test Data	Expected Results	Actual Results	Status (Pass/Fail)
1. Log on to the system 2. Go to “follow us” section 3. Click on any social media	<a href="http://www.daraz.com">www.daraz.com</a>	User can follow Daraz on social media.	As expected,	Pass
Post Condition:				

The screenshot shows the Selenium IDE interface with the project set to "Daraz". The left sidebar lists various test cases such as ADD TO CART, HELP CENTER FOR SHIPPING & DELIVERY, and LANGUAGE CHANGE. The main area displays a sequence of 25 commands for interacting with a browser window. The commands include selecting windows, running scripts, clicking, and mouse actions. The target elements for these actions are identified by handles and CSS selectors, such as handles \$twin0088, \$root, and \$twin3313, and CSS paths like .css-icon-yatra-s-youtube and .css-icon-yatra-s-twitch. The bottom status bar indicates the log entries: "24 close OK" and "25 selectWindow on handle:\$root OK", followed by the message "daraz social media side completed successfully".
